

**De Colle Marco Farm**

*Borgo Navarons 35 Road  
33097 Spilimbergo (PN)  
ITALY*

Dear Company,

we would like to introduce our company "called "DE COLLE MARCO FARM" that has been in business in beekeeping sector for the past 16 years old.

We have been an established and popular company with an excellent track record for the best custom satisfaction.

The farm is the most important beekeeping company in the Pordenone province with over 500 beehives dedicated to the production of honey, pollen, propolis, beeswax, queens and several hundred *Apis mellifera* Ligustica bees families.

The company is characterized by the considerable diversification of the production of typical honey: acacia, chestnut, linden, ailanthus, *Amorpha fruticosa*, cherry, dandelion, rhododendron, honeydew, raspberry, high mountain wildflower, lowland wildflowers.

Since 2016 the company has also started to produce a small quantity of craft malt and craft beer in bottle and typical salami and bacon for the local market.

We believe in keeping the customers happy and providing them with products at a very competent price. Please feel free in touch with us about any of your business related requirements/queries.

We would like to offer the best of our typical productions from our area. Our supervisor will contact you for further discussion at a time convenient for you.

We look forward to a wonderful relationship together and success for all concerned.

Sincerely.

*dr. Marco De Colle*
